

Test Execution Report

Project Information

Item	Details
Project Name	QA Automation Testing Framework
Application Under Test	SauceDemo
Automation Tool	Selenium WebDriver
Framework	TestNG
Language	Java
Build Tool	Maven
IDE	IntelliJ IDEA
Browser	Google Chrome

Execution Summary

Module	Total Cases	Passed	Failed
Login	5	5	0
Product	6	6	0
Checkout	1	1	0
Total	12	12	0

Pass Rate

Pass Rate = (Passed Test Cases / Total Test Cases) × 100

Pass Rate = (12 / 12) × 100 = 100%

Defect Summary

No critical defects observed during execution.

Screenshots

Screenshots are captured automatically for Pass, Fail, and Skip scenarios using Selenium WebDriver and TestNG.

Example screenshots:

- validLoginTest_PASS.png
 - addToCartTest_PASS.png
 - checkoutTest_PASS.png
-

Conclusion

All automated test cases executed successfully.

The automation framework validated:

- Login functionality
- Product management functionality
- Cart operations
- Checkout workflow

Overall execution status: PASS
